

## NEWSLETTER SEPTEMBER 2011

### Dear friends and relations of the gallery,

We are pleased to inform you again of our upcoming gallery activities and the presentations of our artists at home and abroad.

#### Invitation

The exhibition of **Jeanne van Heeswijk** in the Chabot Museum will be prolonged till 26 September next and **RAM in the studio of.....** will therefore take place during the round table discussion in the above museum.

As **Jeanne van Heeswijk** usually works on the location she has been invited to instead of her studio, this exhibition is a unique opportunity to see an overview of her works, created elsewhere and in cooperation with others.

The work of **Jeanne van Heeswijk** is multi-layered and touches on universal themes.

We would like to invite you to visit and join the round table discussion as part of our **RAM in the studio of.....** series on Sunday 18 September 3-5 PM.

As part of "De Wereld van de Witte de With", the work "DER WIDERSTAND DES KLEINEN GLÜCKS" of **Jeanne van Heeswijk**, created in Germany, will be moved to the Museumpark in Rotterdam from 9 till 12 September. During these days several activities will take place here, which you are kindly invited to join.
